COVID EDITION

The Covid Cowboys Ride Again!

Well, it's been awhile since there's been anything to report with the Regulators lately, what with the plague and all, but 12 Covid Cowboys risked it and came to shoot in June - and what a great shoot it was! All of the stages were written by our fallen cowboy Hawkeye O' Riley (see below) and they were great ones. The weather got a little warm, but with one great posse we were done by 10:45. It was really great just to be able to throw lead down range again!

THE COVID COWBOYS

Badman Bob and Snapshot Duelin both had a clean and smooth shoot, and everyone had a good time.

Our next shoot is scheduled for July 19th - don't miss it! Also, the PRVC is up and running, and their next shoot is on July 25th. Safe health practices will of course be observed at both events.

SAD NEWS

It is with a very heavy heart that we report that founding regulator Hawkeye O'Riley (Jim Riley) KRR#3 has passed away. Anyone who has been to a KRR shoot in the last 25+ years and met him knows that he was a friendly, joking, great character. Hawkeye contributed much to the club, both building it and by his very presence. He will be sorely missed. Happy Trails friend.

Heard Round' The Campfire...

So High Cotton and Dustbowl Debbie were timing the stages, and when High Cotton asked Cotton Candy to tell Dustbowl to "take me after a few shooters" Cotton Candy said emphatically, "I will not!" ...

And speaking of High Cotton, on stage 4 bay 4 he told us that shotguns would be holstered - still trying to figure out how to do that!

When you call out for Manny's Granny she may not respond - evidently she answers to "Toodles" now, and she'll fetch you whatever you want! Oh Tooooooooodles...! Seriously though, we sure do appreciate her taking care of us and keeping everyone covid-safe and hydrated during the shoot.

Here's a helpful tip from one of our Regulators: if you're at a stage with little shade, stand behind Dutch Longhorn - that's a tall shadow!

Dutch Longhorn shows how a Regulator protects against Covid-19
